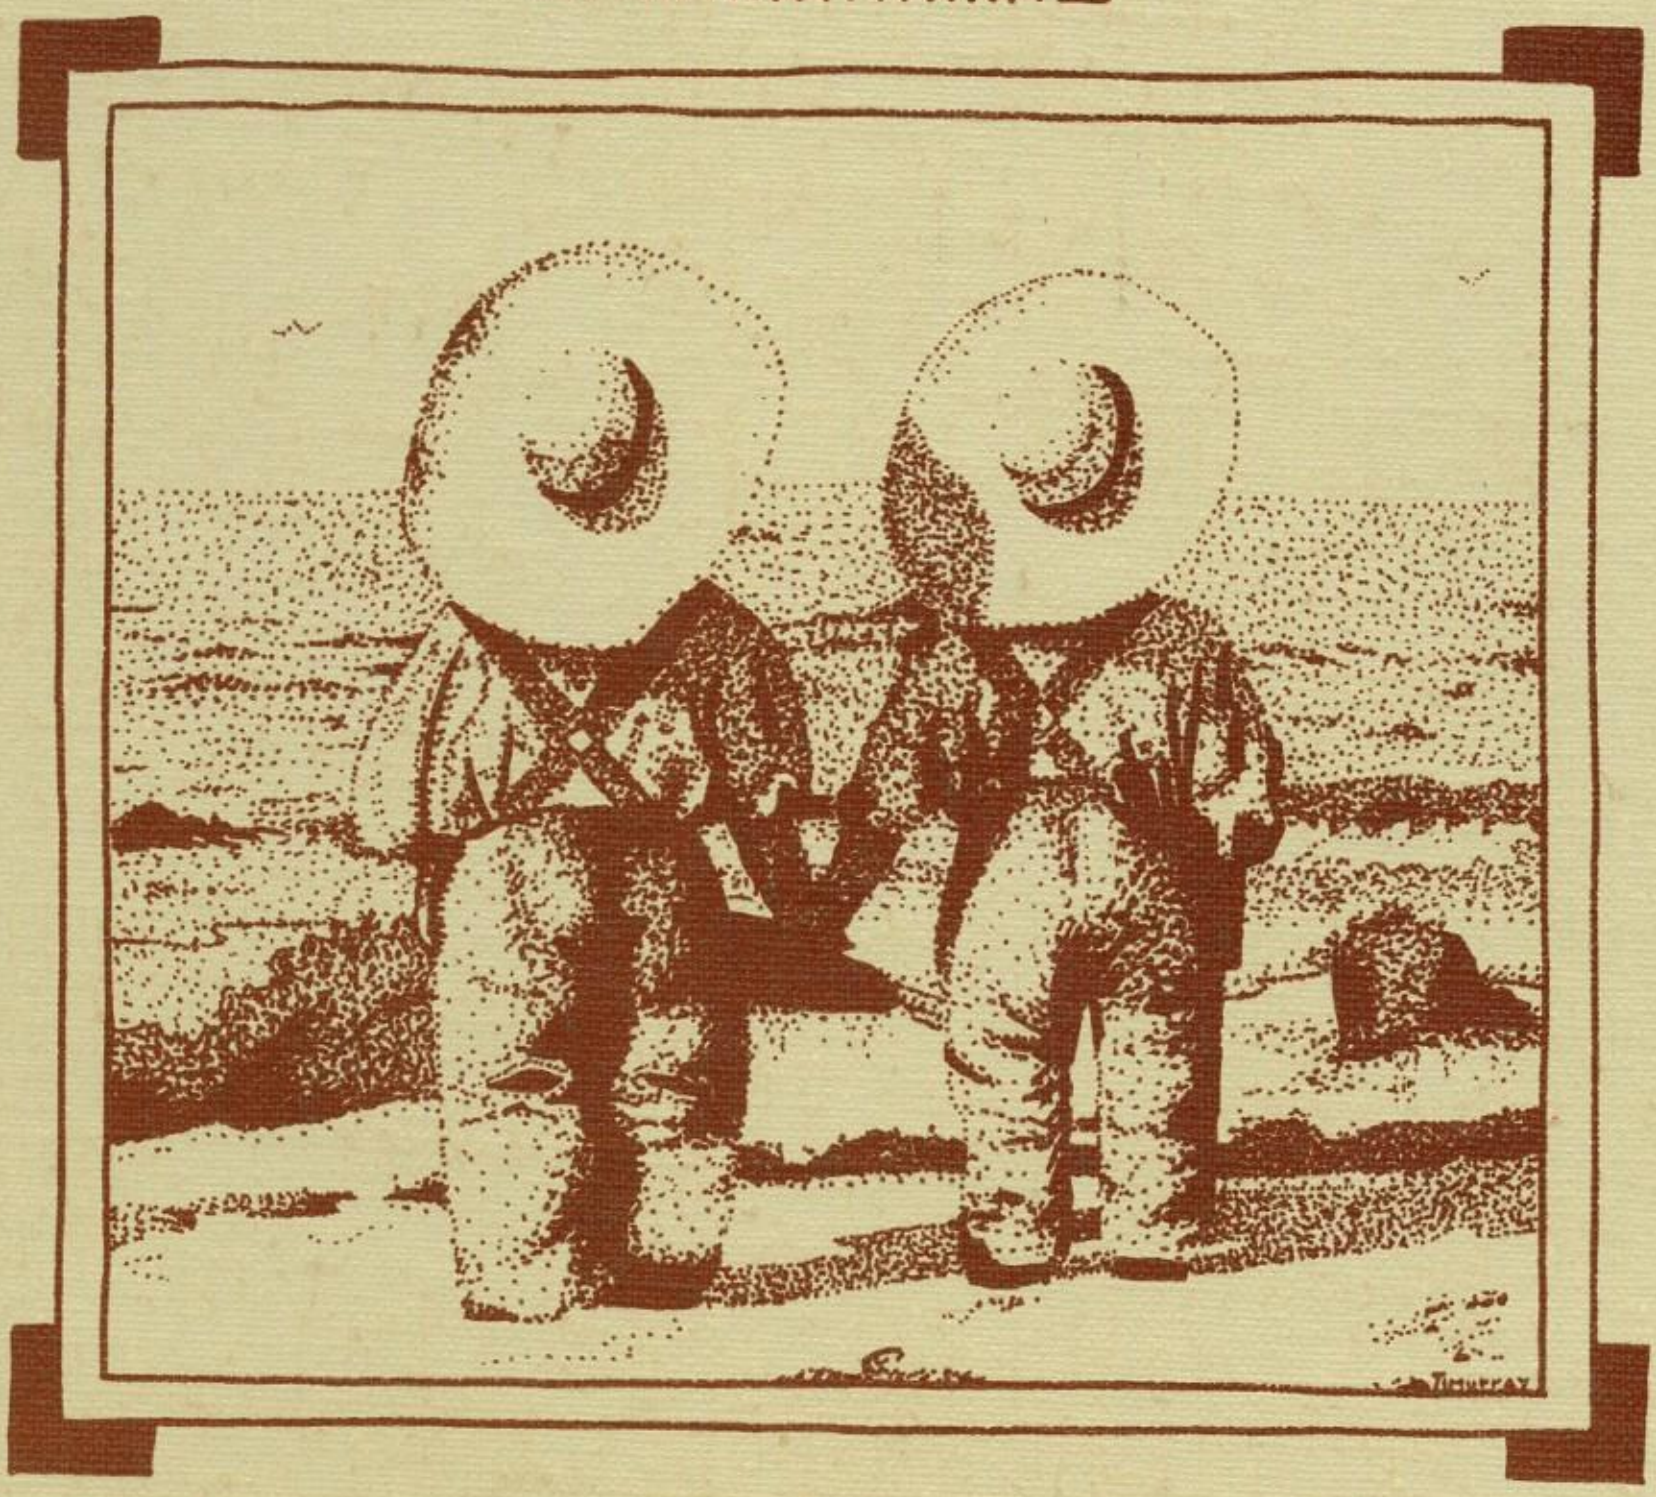
THOSE GOOD OLD DAYS NOW



odyssey 1973 university high school

odyssey 1973 university high school

there are places i remember in my life,
though some have changed.
some forever, not for better,
some are gone and some remain.

all these places had their meaning,
with lovers and friends i still can recall.
some are dead and some are living . . . .
in my life, i've loved them all.

. . . i know i'll never lose affection
for people and things that went before.
i know i'll often stop and think about them.
in my life, i've loved them all.

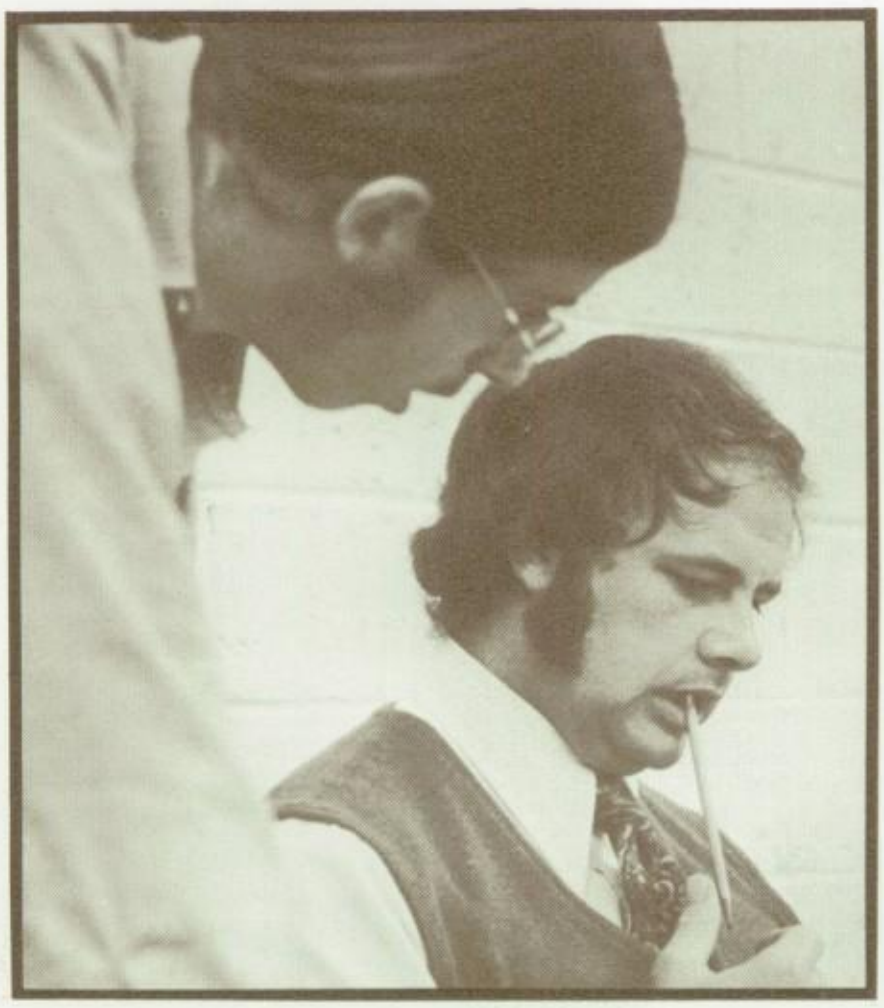
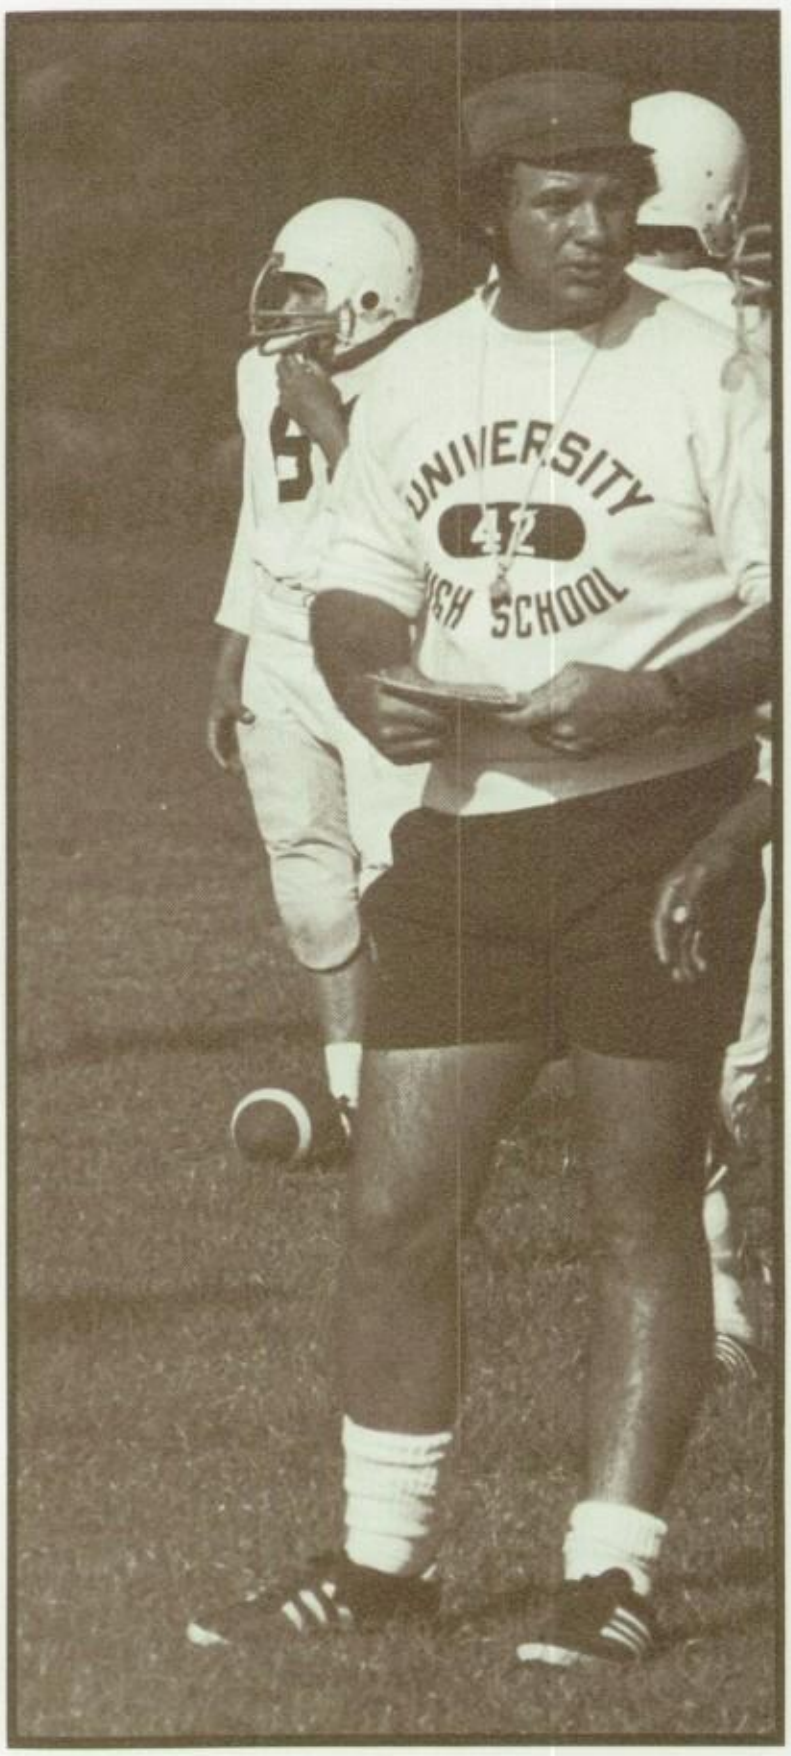
a tribute



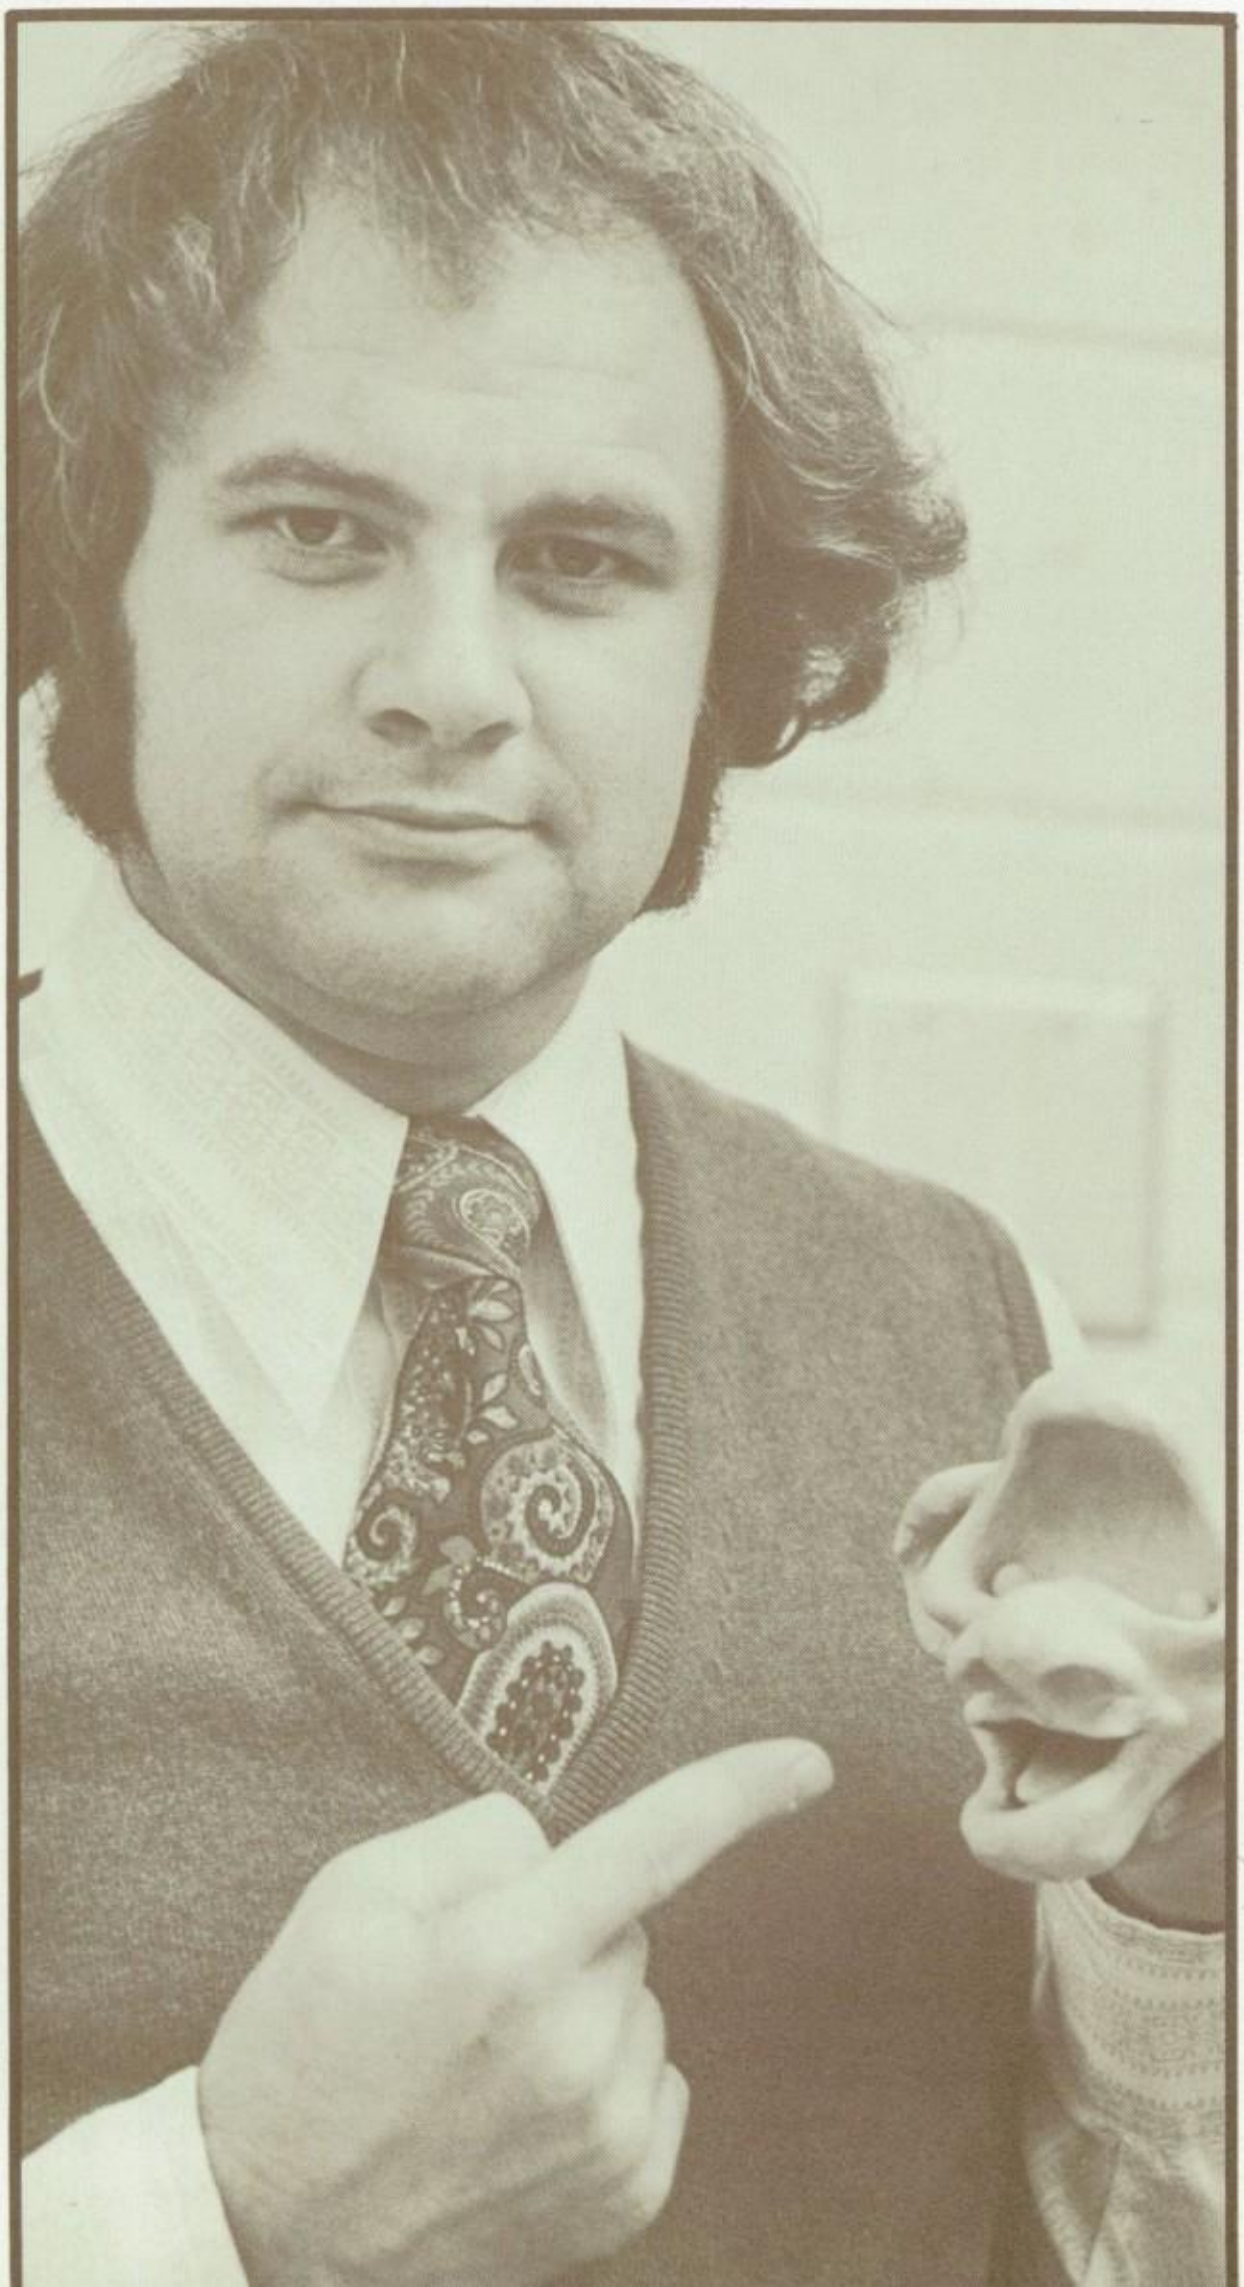


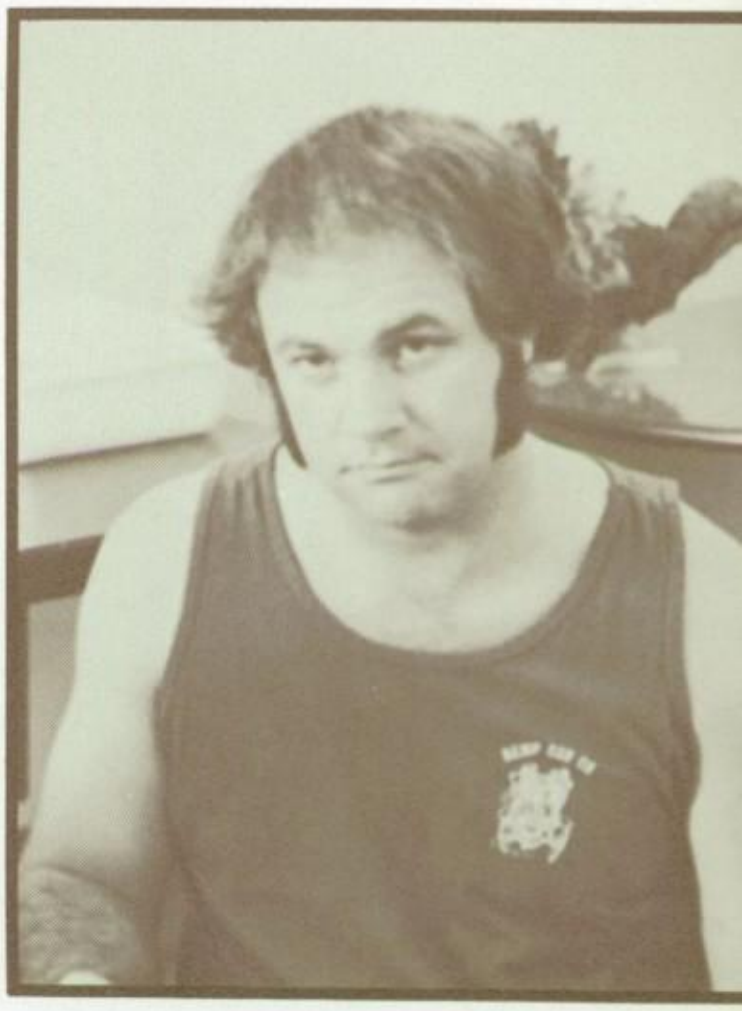
There are many people who, by degrees, influence us. they touch our lives, sometimes unknowingly, always meaningfully. they speak of things very familiar, very personal, and of others of which we know nothing. we learn and grow because of these people and through these people. and their words and teachings come back to us years later, as we recall times past.

teacher, coach, counselor, and friend--jackson parham is all and more. to the student he is involving, to the athlete inspiring, to one in need understanding, and to a friend . . . he is indeed a friend. those involved in creating the odyssey salute you, mr. parham.

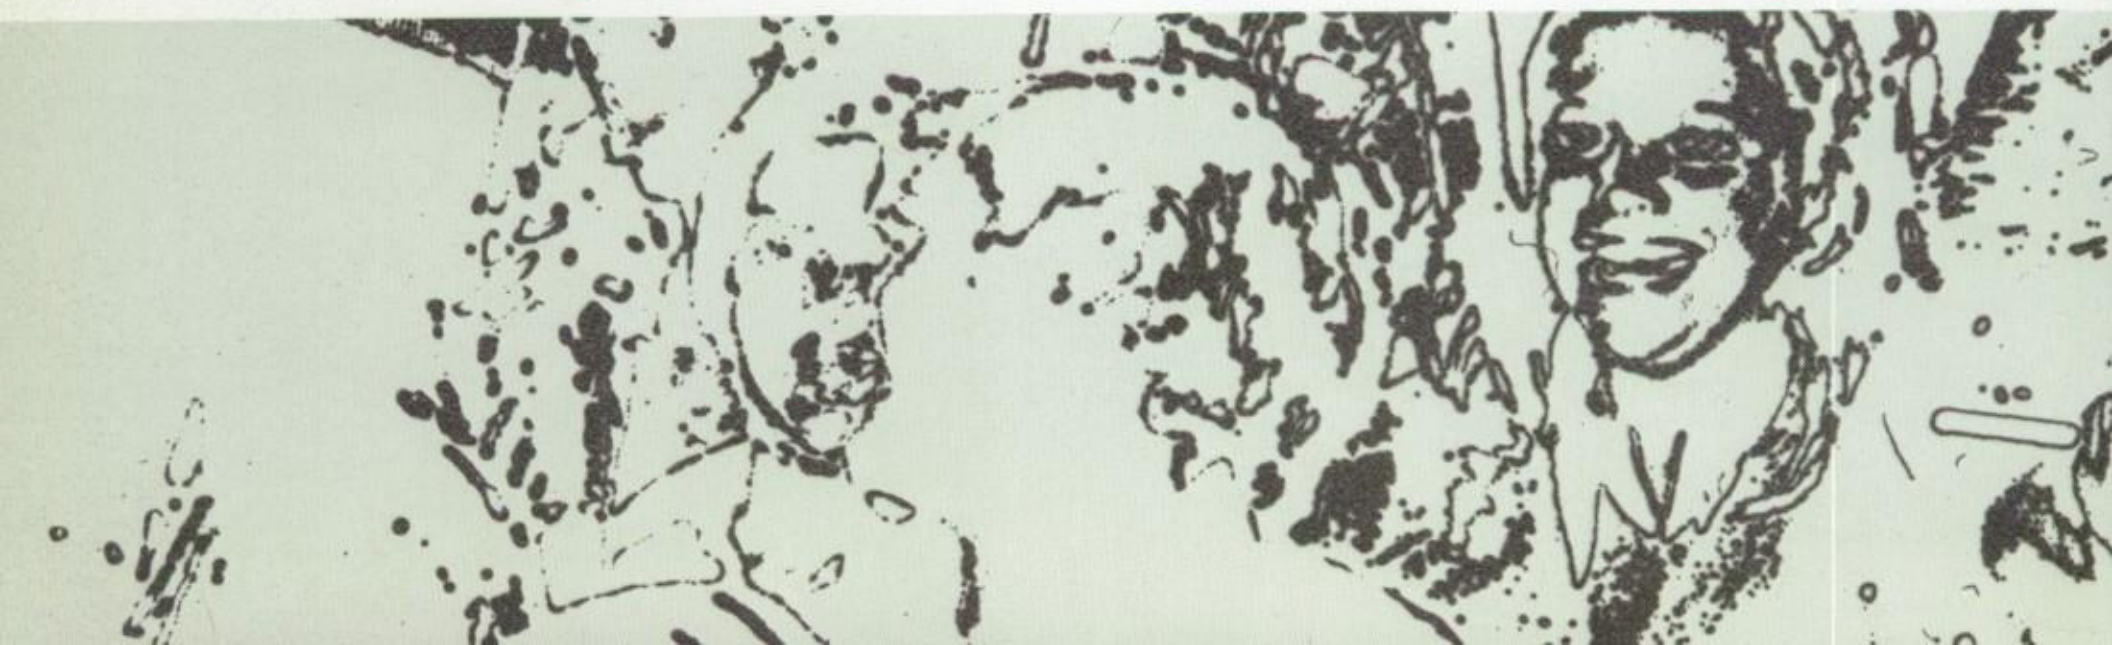
there is a destiny that makes us brothers:
none goes his way alone:
all that we send into the lives of others
comes back into our own.

edwin markham





eople • people • people • people • people • people • people •



it is the people that make university so special—each unique and different and very much his own person. and what a beautiful opportunity we have to get to know so many people and share so many ideas. for it is through others that we find ourselves. and in recalling our days as trojans, we will always remember all those who have added so much to our lives—understanding friends, helpful teachers, and everyone that has made high school so much fun.

we are sailing away
on a river to the sea,
maybe you and me will meet again.
James Taylor

Dear Seniors,

I would like to express my appreciation for the time and interest that you put into the class of 1973. We are the largest, most spirited Senior Class University High School has graduated.

I would also like to thank you for giving me the privilege of representing your ideas and ambitions as president of the Senior Class. This year has not only been a very productive year for the seniors; we have set new ideas and goals for future seniors at University.

I wish you all good luck in whatever direction you choose to pursue in your lives, and may God bless you all.

Thank you,

Don Ross

This year has been one of the most spirited years at U.H.S.. Its really been great acting as president for the "class of 74"! We've generated more spirit than all the other classes put together. I just hope you're as great a class next year as you were this year.

the sophomores

In my unprejudiced opinion, the sophomores had the No. 1 class this year. We had some of the best participation in the whole school. We put on the First Annual Homecoming Dance. We had an inspiring float. Altogether we had a FANTASTIC year! Thank you sophomores.

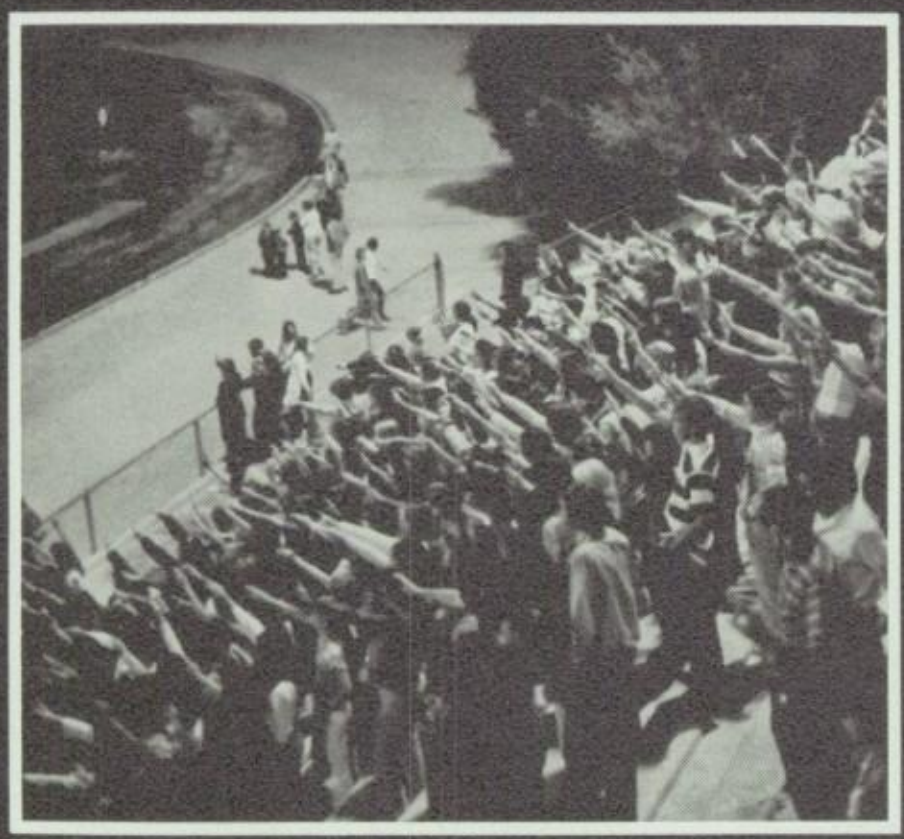
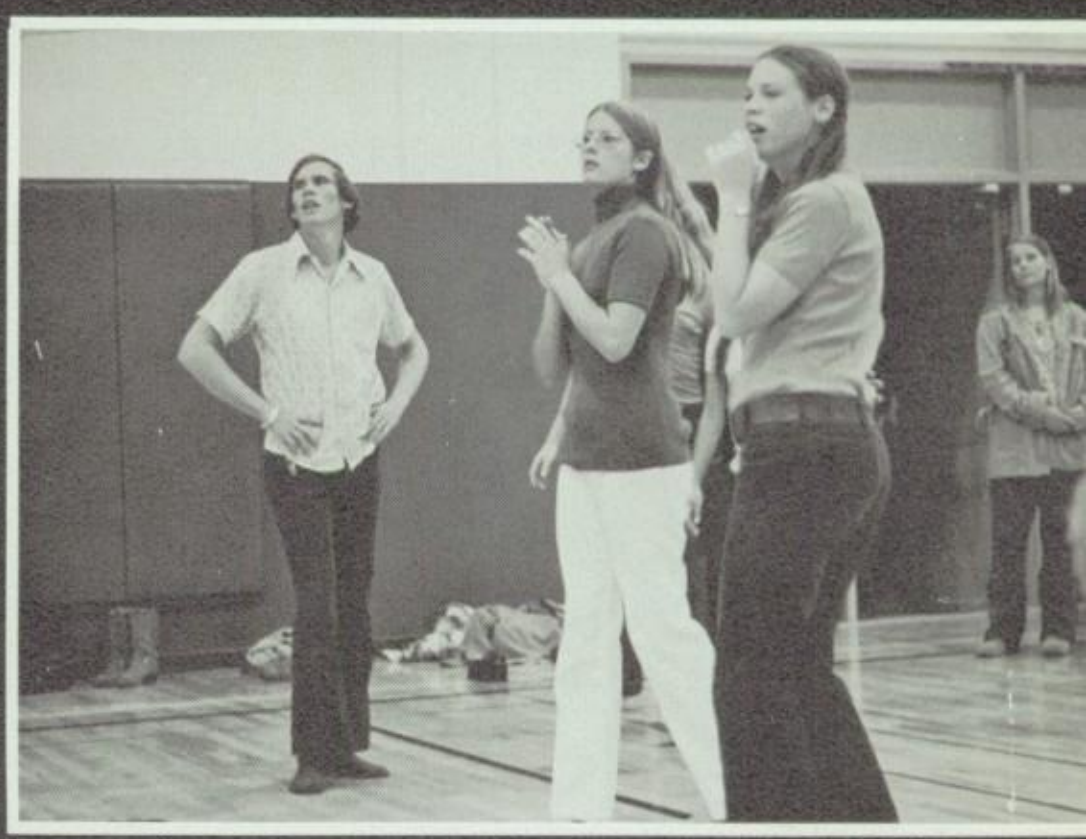
how beautiful my world is.





freshmen

The freshman class was the best class of this high school. We proved it by winning the Spirit Jug, and by making an all out effort to make money for our activities. It wasn't just a few people that worked, but most freshmen joined in throughout the year to help our class.

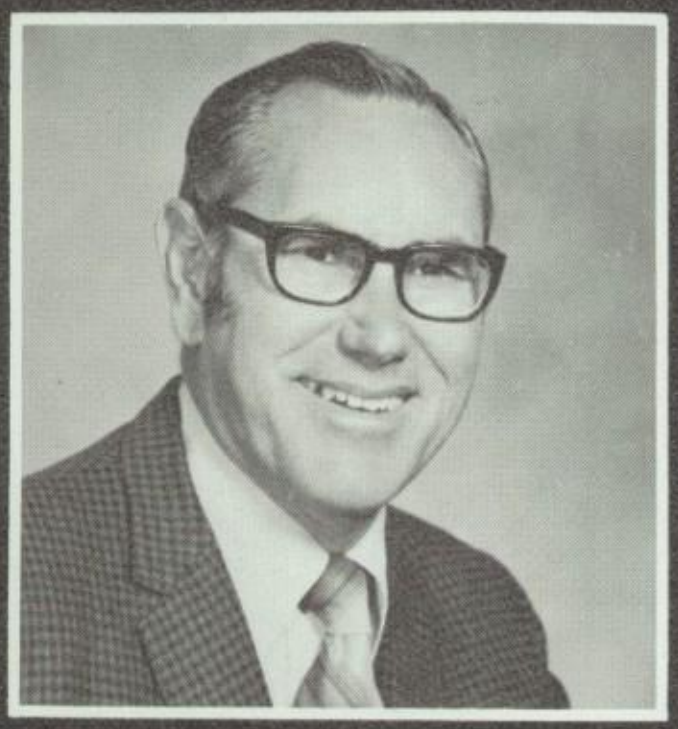
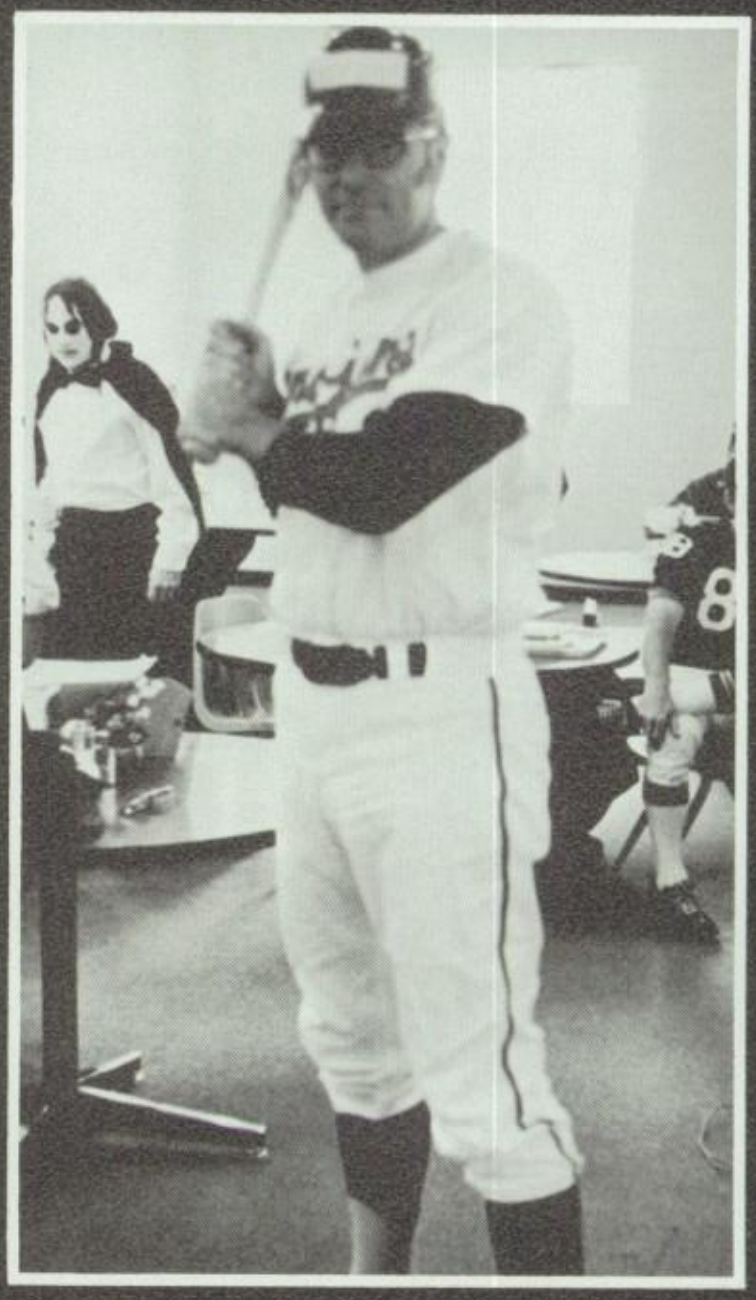
administration





Dear Students,

We are coming to the end of another very successful year at University High School. In our short life as a school, we have made a positive contribution in our community and made our name one to be proud of in Orange County. Cooperation, enthusiasm, and oneness of purpose have marked this school year; for this I am grateful.

To the graduating seniors, I wish you the very best in your future. You have had an important part in shaping the destiny of University High School. Come back and visit us often and let us share in your successes.

To the underclassmen, have a great summer! Come back next fall prepared to make University High an even better school.

I want to express my personal appreciation to the staff, student body, and parents for making this past school year one of the greatest that I have ever had.

Sincerely,

Vic Sherreitt

Wherever there be a cause, or an interest, a club or an organization grows to accommodate it. People unite to have fun, make money, help others, and most important promote their club's interest. It is in this involvement that a Trojan finds the warm feeling of friendship, the happiness of responsibility, and the deep satisfaction of self - giving; all part of a beautiful growing and changing process in our days at University.

american field service

The purpose of the American Field Service is to promote wide understanding and cultural exchanges and to acquaint people in the area with exchange students from other countries. The club also serves as a social unit for the foreign students in the school and helps raise money to sponsor more exchange students to University. Mrs. Virginia Kirkham serves as advisor and mediator with the community adult chapter.

Our Youth for Understanding Student for six months is Erika Hansen from Brazil.

Walk together
Talk together
All you people of the earth then then then only then shall they have peace.

That's A.F.S. motto, and my motto during my stay here, too.

When I left Japan, I was scared to death, I didn't know anything about my host family or school, and there's no friend for me in U.S.A. I really wanted to go back to Japan.

I went off the airplane and walked through the gate slowly. Suddenly all the bright lights came into my eyes. There were hundreds of people and I found the sign that said, "Welcome Sako". Can imagine how happy I felt as I jumped into the Richmonds hands!

And now 6 months passed, many things happened to me. Many happy things and many sad things, but everyone of them gave me some advice to my life.

Home and school, these are most important things for me. At first I couldn't talk to family and school mates but I realize I must walk and talk with them and now . I have alot of friends in school who care about and my American family is as important as my real family for me.

It's just fantastic experience to stay with you. I heard alot of A.F.S. students have problem with their families but not me. My family is just perfect family for exchange student. I was taught that all countries have different languages and cultures but people are same all over the world. There's always alot of good friends wherever I go.

My mother and father treated me as same as their children and gave me alot meaningful words and host sister, Melanie, is just wonderful sister and friend. If I didn't meet her, I didn't know what I should do. But everytime I need help there's Melanie.

When I think about what American family did for me, everytime I couldn't help saying thank you for them.

Thank you very much for your friendship and I want to be always your friend whether I live near or far.

Sako Baba

If someone had told me last year that I would become a sister of a 17 year old Japanese girl for a year, I wouldn't have believed them. When we were notified we were going to have a student, I really started worrying about her. What will she be like? Can she speak English? Will she like me? What if we don't get along. I was so worried about her, I didn't even think of how I would adjust to her.

Everything was fine until we were on the way to the airport to pick her up. Questions started running through my mind. What would I be like? Will I like her? Will we be jealous of each other? I really didn't know what to expect. Then this cute, little, scared girl came up to me and we hugged in all the excitement.

This was the beginning of a life long relationship between two people. Two people as different as night and day, but who, in one year, experienced some of the most beautiful experiences of their lifetimes.

Sako came two months before school started, so we had time to really get to know each other. Everyday was a learning experience. It takes time for two people to adjust together and learn how to live under the same roof without many conflicts.

We have learned how to work out personality conflicts, cultural differences, and other types of problems.

This year has been a fantastic learning and growing experience, and neither one of us would have passed it up for anything in the world.

Melanie Richmond

creative writing

"for life's not a paragraph and death i think is no parenthesis." These lines from e.e. cummings have been an inspiration to University's creative writing students as well as the "encompassing" title for their annual publication. They have not let language structure their thoughts and emotions; but, instead, they have let language carry their thoughts into previously unwandered realms, for their own pleasure and, they hope, for the pleasure of others.

water ski

Water Ski Advisor - Lance Otis

Water Skiing is a fantastic sport according to the members and advisor of the University High and University Park Water Ski Clubs. The University Park Ski Club has enjoyed many exciting week long ski trips to Lake San Antonio and Mammoth Pools. The High School Ski Club promotes water and boating safety through the mini Power Squadron and Safety course. The canned food drive that it sponsors at Christmastime has always been a success. Both clubs offer fun, excitement and knowledge which is so important to everyone.

icthus club

Icthus Club Advisor - Doug Jones

Icthus is a group of concerned students, bound together with a common goal; sharing with others the joy and inner peace that results from a life centered around the person and work of Jesus Christ.

This year's ski club was a huge success. We numbered over the 100 mark and enjoyed going on various trips to Big Bear. The money that made these trips possible was raised by members having a car wash at the Alpha Beta parking lot.

speech

The purpose of the Speech and Debate team is to provide an opportunity for students to speak in competition with other high schools throughout the state and nation, provide community service through presentations to local schools, service clubs, and television, and personally help themselves and fellow team members to strengthen their use and understanding of the English language.

The activities include participation in county, state, and national speech contests, school service such as the morning bulletin and demonstrations for English classes and connunity service club competitions. University's team was ranked in the top 2% of all affiliated chapters. This has led to their highest achievement - their charter being granted by the National Forensic League on the basis of the membership's performance. Next year they plan to extend their travels to more inter and intra state competitions as well as building the team.

key club

The Key Club of University High School is a club sponsored by the Irvine Kiwanis Club. The club is organized to provide a social-service concept to the young men who are members of the club. One of the activities performed by the members was to help sell and serve at the annual Kiwanis Club breakfast, which raised funds to provide a scholarship for a university high school student. The club also walked and solicited for the March of Dimes on the U.C.I. campus. As a social group, the club went to Big Bear for a day in the snow, held inter-club volleyball matches with the other high school key clubs in the area, and had monthly evening meetings at a pizza house. To bridge the gap between the business community and the high school, two of the members attended a luncheon each week at the Airporter-Inn as guests of the Kiwanis Club. An activity they hope to participate in the future is a basketball tournament between various high school faculties in the area.

california scholarship federation

The California Scholarship Federation has a membership based upon high academic qualifications. To be eligible a student must take at least two courses that are college preparatory, one course that is equivalent to college preparatory classes. The student must earn two A's and one B in these classes. A senior who has attained four semesters of membership becomes a life member and seal bearer.

classical league

Advisor: Miss Agnes Meck

The JCL (Junior Classical League) is a state and national organization of students with the primary purpose of furthering an interest in Latin and the Classics. The two major projects each year are participation at the state and national conventions. Besides attending these meetings and sharing ideas with other J.C.L. students through the state and national publications, University's J.C.L.'ers attend meetings and social events both on and off campus. Since Miss Meck, sponsor of the club, is California's Southern Regional Chairman of J.C.L., the students at University were involved in preliminary preparations and more importantly responsible for hospitality and the welcoming of all participants at the 1973 National JCL Convention held at the Claremont Campus during August.

student congress

The prime concern and function of University's Student Congress is to open lines of communication between the students, the A.S.B. Cabinet and school administration. This past year congress has added to this role by actually becoming a working body of student government; working on student oriented proposels. Student Congress operates strickly on student imput and therefore can be considered the voice and hands of the students in our student government.

The members of student congress include: Sharon Ahearn, Dave Arnston, Steve Antti, Michelle Asplund, Mary Brannigan, Joyce Barron, Beverly Bedford, Linda Bye, Marlene Butler, Barbara Burton, Sissy Broshears, Scott Brady, Burce Beasley, Jeff Borsuk, Doug Champlin, Tori Cox, Phill Crew, Darrilynn Dickinson, Irving Davis, Colleen Dickens, Stephanie Fleming, Yvonne Grant, Karon Gethard, Mona Gibson, John Grisham, Kenneth Graves, Terri Hall, Joe Huegy, Tim Horton, Sue Houel, Linda Hetzler, Donna Hall, Judy Juarze, Laurie Kluth, David Lasky, Jeff Longley, Lisa Maddocks, Sari Marks, Debby Muenchrath, Connie Mahler, Cheri Newton, Steve Oliver, Carol Overstreet, Leopoldo Orozco, Joni Pierce, Lori Ragusa, Chuck Sewell, Faith Schultz, Debbie Sorensen, Sheryl Silver, Aleta Spencer, Bill Talbot, Cammy Wooddy, Daniel Winkler, Joni Wertz, Sandrella Lucero, Lisa Zehnder.

scuba club

In its infancy, and confronted with a "no diving" regulation, the Scuba Club is still defining the ways in which it may profitably function on the University High School campus.

So far, one of the prime purposes of the club has been to seek cerification programs for those faculty and students wishing to explore the adventure available to them below the waters of the neighboring Pacific, it also serves to acquaint divers with one another so they may have diving companions. And finally, the club functions as a friendly setting for entertaining fellow divers with tales of nautical intrigue.

All of these temporary functions, coupled with an ongoing hope for club diving expeditions, make the Scuba Club one of the best activities available to University High School students.

From the beginning of time, man has been attracted to the sports—to develop his body, as well as his mind. And Trojan life would not be complete without athletics. Whether participating in the competition, or watching from the stands—sports is a totally involving experience. And Trojans show their involvement—from the thrill of a long pass to an open receiver in the end zone to the excitement of the winning goal in a water polo match. The tension is always there—whether it be in an overtime in basketball, a close finish in track, or loaded bases in baseball. Speed, precision, timing, co-ordination, strength and determination—all elements of a good athlete. But most important is the team work—working together as Trojans!!!

Coach Baily and Coach Baker

UNIVERSITY HIGH SCHOOL started its third year of Sophomore football with a young, inexperienced team. They won two games and played well in the rest. Our passing drive and line was much improved. Good luck in '73.

Coach Heustis, Coach Parham, and Coach Hormuth

Compiling the best league win-loss record in University football history, Coach Parham's 1972 freshman football team rolled to a 5 and 2 league season and finished in second place. This year's version of the Mini-Trojans was a physical team, bruising its opponents, trampling those who even out fancied them in the final score.

Stand outs for this year's team would include Ron Dykes, John Gill, Mike Egan, Brett Snyder, Harold Hanevik, Leonard Arias, David Witherspoon, and Sean Graham.

The Mini-Trojans choose to be remembered by their Laguna game in which they piled up over 700 yards total offense and 64 points. If this group of players continues to mature and stays together, things are brightening for the University football future.

Cross country, in it's second campaign, had a very improved year as the sport continues to develop at University. The team this year was very young and inexperienced. As a result, the Varsity is still a few years away from being competitive, but the Frosh-Soph team recorded a league dual meet mark of 6-1 to finish third in the standings. Individual standouts for the season were: Don Ross, who set new school and 12th grade marks, Jim Branson and Cody Bakkila, who took turns lowering the 10th grade standard, and Roland Berame the new Frosh record holder. Pedro Galvan, Jess Branson, Bob Bradford and Carlos Mandaca completed the Varsity team which established a new team time mark.

The stunning upset of knocking Laguna Beach out of first place in the Orange League must be considered the highlight of the basketball season. With an impressive show in the final games, the Trojan Team realized its great potential as a threat to the league champions. The Varsity players, six seniors, three juniors, and a sophomore left some positive traditions for next year's team to live up to.

Team Captains are Jack Herrington and Al Menold.

The Junior Varsity suffered through a poor pre-season so that when the league began they were expected to finish at the bottom. With the addition of David Davis and a healthy Jim Collins, the league opponents found the J.V.'s no easy touch.

After an opening loss to Brea, the J.V. cagers came back strong to defeat Saddleback. And despite three starters gone with the flu, earned a tough victory against Valencia. With the improvement of Jack Herrington and Al Menold and the continued outstanding consistency of Nick Surico, the Trojans finished a successful season.

This year's wrestling team, termed young and inexperienced at the beginning of the season, came on to surprise a lot of people including first year coach Kent Bentley. The varsity team finished the league with a 3-3 record. The younger teams showed a great deal of promise with the J.V. team compiling an impressive 10-5 record, and the Frosh-Soph squad finishing 9-0.

The team was led by senior lettermen Kelly Warren, the team's outstanding wrestler, and Steve Robinson. Kelly and Steve were the co-captains. Awards were given to Rick Handfield, most improved, Guy Mondt, most competitive, and Jay Hollett the rookie of the year. David Birtcher had an undefeated season wrestling at the J.V. level.

Track and field made great progress during the 1973 season with numerous school records broken. The Varsity lacked the necessary depth to have a winning season, but were paced by some outstanding individual performances. Jim Dykes and Rick Risse were the year's outstanding sprinters. Bob Bradford, Ed Nadalin, Jim Green and Dirkin Cleary paced the middle distance runners, while Cody Bakkila and Bill Wood excelled at the longer distances. Hurdle record setters were Mike Casserly and Rich Fabian. Outstanding field event performers were Terry Preston, Bruce Stovall and Kurt Schulten.

whether it be an assembly, spirit week, or the christmas formal, trojans are very active socially. activities are an important part of living, since they enable us to meet each other outside of the classroom.

one of the nicest features of these events is the student planning and leadership that goes into all the activities. students themselves decide the how, what and where's of dances, programs, and all of the exciting events of the school year. this participation and cooperation reveals how much initiative and imagination trojans have to turn everytime into a supertime!!!

Real cool cats got a chance to rock out to the tunes of the fifties, when Girls' League presented the 1950's Dance in March. With our own Dick Clark, Mr. Lance Otis and a cozy little malt shop, the dance provided the back-drop for such hip duds as saddle shoes, ponytails, and slicked back hair. The Twist and the Jitterbug were everywhere and the dance contest gave couples a chance to show their own unique style. We aren't jivin' you baby, it was a real cool night!!!

Wonder.

Wonder about time passing.
Wonder about grass growing.
Wonder . . .
. . . about structure,
and form, and substance . . .
. . . about tall buildings,
and xylem and phloem.
Wonder about government,
and why one man hates
while another man works.
Wonder leads to knowledge;
knowledge to understanding.
And understanding
is the foundation of
a better world.

though some have changed,
some forever, not for better . . .
some are gone
and some remain.
all these places had their meaning,
with lovers and friends
i still can recall.
some are dead and some are living . . .

in my live i've loved them all.
. . . i know i'll never lose affection
for people and things that went before
there is a destiny that makes us brothers,
none goes his way alone,
all that we send into the lives of others,
comes back into our own . . .

Our special thanks to Randy Wright, for his invaluable aid,
and to Rick Farrell for his Cheese Danish.

Denise,

I'm sorry to see you leaving. You have such a beautiful personality that if I had to take Adv. Foods again it would be lonely and boring. I hope you future plans come true. Take care of yourself. I really want to tell ~~much~~ you how much I have enjoyed knowing you. Have a great life.

From a Friend in Adv. Foods,
Bonnie Mink

Denise,
You have made school a joy and knowing you has been a great future and a great summer too. I know you and Mark have the greatest ma in the world.

Barbara

Denise,
I really enjoyed
you the past three
years. More than anything I am glad you are a
Christian friend.
Luck in the future and
God Bless you.
